Please find below the details of the new enquiry submitted by the public user on the Leeds WebSite :

Name : Moira Crotty

Source : <http://www.leeds.gov.uk/council/Pages/Public-Access.aspx>

Message : As a local resident (Fieldhead Road) I would like to object to the plans to build new homes in Guiseley on land on Coach Road and the adjacent Silverdale allotments. Your Refs 2163, 1180, 1311 and 1113. My objections as follows 1. Limited access by road 2. Current traffic levels on Park Road and the A65 into Leeds are already excessive - this development will exacerbate this problem 3. Many of the new residents can be expected to commute by rail into Leeds. This service is already under strain with overcrowded trains - a problem about to be made worse by the opening of Kirkstall Forge station on the line. 4. Loss of public amenity green space

Thanks
