Dear Sir,

Re Yourcity planning consultation

I am afraid this event was misnamed in that it was not a consultation - nobody seemed to want to listen to the views of the people of Guiseley and nor does it feel like our city. The number of houses planned for Guiseley is ridiculous. There do not seem to be any extra infrastructure or services planned - where are the children going to go to school, how are the already overcrowded roads going to cope. The boundary of the city is being lost - it is precious open space where wildlife thrives. Allotment land is being lost, trees are being lost (there was a mass felling on the Silverdale/Coach road allotments today). Please rethink, we have already had a huge number of new homes built in the area in recent years.
