Subject: You have a new Enquiry from Web
Importance: High

Please find below the details of the new enquiry submitted by the public user on the Leeds WebSite :

Name : Jacqui Kimber

Source : <http://www.leeds.gov.uk/council/Pages/Introduction-to-Local-Development-Framework.aspx>

Message : When deciding on housing policy for Guiseley. Has account been taken of the infrastructure? The A65 is a car park most days, peak hour trains are like the Japanese bullet train already, we have insufficient doctors and NHS dentists, and the drains and sewers are overwhelmed. Schools are having to be extended to cope with the expected influx and no consideration has been given to the parking. Kelcliffe Avenue Is already jammed with inconsiderate commuters parking all day, not to mention parents leaving and collecting their children from school up to 4 times a day. The houses being built seem to be 4/5 bedrooms, and not in any way "affordable". It seems to me that developers are jumping on the bandwagon and making enormous profits at our expense. I bet they don't commute on the A65 or the Wharfedale Line!

Thanks
LCC Web Master
