Subject: PDE00046_New houses in Guiseley and on A65
Date: 23 September 2015 09:57:19

Dear Sir/madam

I am writing regarding proposed plans for more houses in the area of A65 Aireborough corridor.

Guiseley has seen a huge amount of building over the last few years, on High Royds, Springfield, Back Lane, Netherfield Road, Parkinsons, Harry Ramdens, and two large retail parks on the A65. We are at a stand still on the roads now, so if more houses are built the situation will be dreadful.

Also think about how local people are supposed to get medical care with our local doctors already stretched, and we are unable to get appointments. Also the destruction of beautiful wildlife.

It is a lovely area and developers want to build here to get maximum amounts for their houses making maximum profit. So if its affordable housing needed, why are you letting them use prime sites, building luxury houses for profit. Only people who are winning is the builders, and in a few years time YOU will be saying YOU haven't met your targets for affordable housing and need to build more.

Use the brown field sites that are vacant. i.e. Tetleys in Leeds, near the city centre, with transport links.

I wonder where you lot live, and how you would feel if this was happening on your doorstep.

Please consider our opinions and our quality of lives, and build on more suitable sites.

Julie Wood
