Subject: PDE00107_Objection to site HG2-10 (1221) Gill lane
Date: 01 November 2015 16:21:35

I am writing in objection to the planning permission that has been made for 155 new houses on plot hg2-10 (1221) After recently moving back into the Leeds area we chose to settle down in yeadon with our 4 children after this is where I had been brought up when I was younger and had enjoyed loving here.

We chose this area for the fabulous schools, the sense of community and most of the amount of green belt area there is for our children to explore and learn about I think if this permission goes through it will ruin the area the local schools are already full and having to turn away local children, the traffic on the a65 is horrendous I walk my children to school a long this road and it worries me that when they come of age where they want to go to school by themselves it is too dangerous for them some days I struggle to cross this road and I am a grown adult, the green belt areas are lovely places for the kids to get to learn and know about nature we have seen many a animal bats, foxes and go on many of a nature walk and most importantly have some exercise and get the chance to behave like kids by climbing trees making mud pies just the way I did when I was growing up if you take these areas away you are taking away an important part of their future and learning

Please think long and hard and take note of what the local community are saying before you ruin a lovely area

Yours sincerely
