---

Dear Sirs,  
I am particularly concerned about sites;

HG2-41 Fields South A65, Horsforth roundabout to the crematorium  
HG2-43 Fields at Horsforth College Campus  
HG2-12 Fields at Woodlands Drive, Rawdon  
HG3-2 HG3, HG3-4 Fields off A65 Rawdon.

The proposal to include these Green Belt sites in the Local Plan is NOT consistent with the national policy.

The proposal to use Green Belt before brownfield is not justified.

The proposal to use this Strategic Green Infrastructure goes against the Leeds Core Strategy.

Having lived in Horsforth for 39 years I am fully aware of how important these areas are to our family and the local communities. Over the years we have been able to spend quality time with our family whilst out walking on a weekend, this has had a significant impact on our health and well being. We want to protect these sites for our Grandchildren, so that they too, can enjoy quality time with their families.

The infrastructures are already struggling to cope with the volume of traffic in and around the area. Doctors, schools and public services are already under great pressure, and an influx of further housing would only exacerbate this situation.

Yours faithfully

Christine Julie Trumble
