Hello

My name is Katherine Guilding and I live at Newlathes Manor, Newlathes Road, Horsforth, LS18 4LG. I am concerned about your proposed development sites. In particular :

HG2-41
HG2-43
HG2-12
HG3-2, 3 and 4.

I live close to all these sites and particularly HG2-43. I walk my dog here and play with my young son. It is important to us to retain this greenbelt land for exercise and general wellbeing. I am also worried about how the increased traffic to this area would impact on the horrendous commute to and from work. The new stations are not the solution.

I understand the proposal in the Local Plan is not consistent with national policy and do not understand or believe greenbelt should be used before brownfield sites. I also understand the proposal to use this Strategic Green Infrastructure goes against the Leeds Core Strategy.

I believe that the proposals are so far outside of any agreed strategy that were the proposals to go ahead they could be challenged in the courts as ultra vires.

I appreciate these plans are quite far progressed but it shouldn't be too late to reconsider.

Kind regards
Kate Guilding
