Dear Leeds Council

This is about site (1201) gain lane.

There is no place for antiquated opinions.

No one should ever want to deprive a new family from a home of their own.

Times move on, people need homes, and those homes need to be built. Sites have to be selected. This site has been selected along with others.

This site above would be served by numerous local schools that currently exist, all within walking distance. Another key factor is the close proximity to health care services and GP,s, again all within walking distance. There are bus services near by. The site will be served by local shops which I am sure will benefit greatly. Public services and emergency services can access the site with ease. The patch of land is otiose and has been for decades. The locality would benefit from this housing in multiple ways, and for these reasons we offer our full support.

Mr Mrs Pollitt
