Subject: PDE00172_Objection to proposed HG2-41 & HG2-12
Date: 28 October 2015 13:17:39

Dear Sir / Madame,

I'm writing to object to the proposed housing developments on site references HG2-41 and HG2-12. I'm a local Rawdon resident who commutes too and from Leeds City on a daily basis. The traffic on the A65 is already beyond the capacity of that road. Building further housing along the A65 will only make this worse and can't be sustainable. We do not have the road infrastructure in the area to support the building of 777 houses and a school on site HG2-41 and 130 houses on site HG2-12.

Regards
James Fearnley
