Dear sirs,

I'm a resident that lives at the bottom of Westfield in yeadon very close to Gill lane. I have read a detailed article in regards to a site which may be used to build 155 houses on. I am deeply concerned how this will effect local traffic in the area as the A65 is already at a standstill most days and JCT600 round about is a no go at peak times from all directions. The site which is in question I believe is a piece of Greenbelt land and it would be awful to think 155 houses would be built on it. As a parent and resident of yeadon and Westfield for over 30 years I know the area well and strongly believe it would not benefit the area in anyway. I know for sure that the local schools are at capacity, and that the traffic would become even worse than it already is. I hope you take on what I have wrote, and as a proud local resident of Westfield yeadon I wish to object to the plans of ruining such a lovely area.

Kind regards
Ben Hargrave
