Mrs j Atkinson 7, Newlaithes Gardens, Horsforth, Leeds LS18 4 JU

I am registering my objection to the proposed development on green belt land in Rawdon and Horsforth. There is no way this development should take place. The road system could not stand further traffic on this already busy road.

This proposal is typical of local planning department who have not thought the whole process through.

If this proposed housing was to take place, to meet the demands we would need extra school places, and doctors surgeries. Common sense tells me that it is lacking in this proposed development. What are we leaving for our children's, children's!!!!
