Hello,

While I understand new houses have to be built, I would like to make it clear that building on the above site is complete madness. Traffic congestion on the A65 is already unbearable. I live at Barfield Avenue, it can take nearly an hour to drive to Rodley roundabout. The addition of more new houses in the area will bring the A65 to a standstill. This means I will be forced to move house. There are many brown field sites in South Leeds where affordable houses can be built. Not in Rawdon, Yeadon Or Guiseley.

Cheers,
Alan McArthur.
