Subject: PDE00275_Redevelopment of housing areas around Horsforth_Rawdon
Date: 23 October 2015 14:09:58

Sir

Can we please put forward the following objections to the housing developments in the areas concerned.

This will generate too much traffic in an already overcrowded area.

The cut back of green belt between Bradford/Leeds is taking all away all our suburban countryside, taking away country walking areas for the elderly (as we are).

Jeopardising our already overstrained local facilities (doctors/dentists/schools etc).

Social facilities for the elderly/infirm and also the young people.

Where are the schools/churches/social clubs/areas of entertainment/parks etc. going to be?

We do feel that this area cannot take many more housing developments and new roads e.g. to the airport, without being made too busy for the future generation and for the existing elderly.

GIVE US BACK OUR GREEN BELT AND COUNTRYSIDE without taking it away from us.

The changes will reduce our quality of life.

We are one of many hundreds of people in this area to be very upset about all the changes

that have been proposed to our lovely Horsforth/Rawdon area and I am sure you will get many objections from these people but will you listen???
