---

To whom it may concern,

I live on Barfield Avenue in Yeadon. Many people in my area are opposing this new build. However, I feel that new houses are needed, especially for first time buyers as my partner and I rent here and there are not many houses available to buy in the Yeadon and Guiseley area. Therefore I do believe that this build is a good thing.

I do however agree with the concerns relating to the traffic on the main road as it is already quite bad at the moment. Also, I would like to see affordable houses built here as it is so hard for first time buyers to buy.

I am looking forward to your response.

Best wishes

Lorna Towriss
