**Subject:** Guiseley New Houses.

I object to the building of New Houses on sites HG2-5(2163a) 1180a/1311@). HG2-6(1113). The A65 is overloaded. Leading to poor air quality & traffic jams in centre of Guiseley. The public services are also full e.g. Schools/Dentists/Doctors. In past a lot of new houses has been built with very little improvements to infrastructure.
