Date: 22 October 2015 09:33:37

I am writing to express my concern and opposition to the proposed developments listed above.

My objections are as follows:

1. The loss of Greenbelt land and wildlife habitats
2. Urban sprawl and the joining of Leeds and Bradford
3. Loss of amenity for walking etc
4. Horrendous effects on traffic infrastructure on the already ridiculously busy A65 and other local roads
5. That the council have not followed the correct planning procedures
6. Local facilities i.e schools, doctors, shops, public transport will not be able to cope

I should be grateful for your comments

Graham Harris
