What the hell are you doing. Why are you hell bent on building on greenbelt like site hg2-12. First you need to remember you work for the people of Leeds so stop lying ,trying to be clever at meetings. You are destroying the community of Rawdon. The mess of the roundabout at horsforth that has somehow cost £2.8 million tells me you cannot be trusted . you say that building next to a conservation area will enhance it, do me a favour stop lying. There are many brownfield sites that should be used first, but the developer's say are not viable. more lies. The a65 cannot cope. As there is no access to hg2-12 can you tell me how 260 to 300 cars are going to use a small road like Southlands avenue safely. Extra traffic, extra pollution
