Dear sir/madam

I live at Woodcliffe, Underwood Drive, Rawdon, LS196LA.

I am astonished to learn of the scale of proposed plans for new housing development in this area, and must raise objections as follows:

1. Rural Character of the area. The undoubtedly rural character of the area around Knott Lane and the top of Woodlands Drive will be lost forever. This would be sad indeed.
2. The road infrastructure in this area is already woefully inadequate. Knott Lane barely copes with traffic at present and the A65 from Knott Lane to the Horsforth Roundabout is, at peak hours, virtually un-usable. How on earth can these roads cope with a further c1,000 houses and the associated increase in traffic these will lead to ?

Kind regards

Ken Beaty
