To whom it may concern,

I wish to object to the building site Phase 2, Plan reference HG2-18 on Church Lane, Adel. You say in the document that this is a green field site. I am concerned that if a school is built here there is not enough road capacity for such a project. Local roads carry too much traffic as it is. I have been made aware that you wish to access this site from Otley road. In order to do so you need to alter the designation of some land from Green Belt land to green field land. This is only allowed in "exceptional circumstances". This project is not an exceptional circumstance as defined in planning law. This land needs to continue as Green belt land.

Yours faithfully,

Hilary Taylor
