Message : Hello Please could you advise what on earth is going on regarding rumours of more houses being built around our new estate at thornbury? The plots in question are Leng Drive and Carrick Drive (HG2-65 & HG2-69) consisting of 300 house? I want to express my concerns as follows: 1-the area is already congested enough and adding 300 houses each an average of 2 cars per household is going to cause traffic chaos to residents. 2- I have personal concern with Carrick Drive as I live on there and do not wish for building works to start all over again having lived on a building site for two years. I do not want the area to become an eyesore. 3- we have been hit with extremely high crime levels lately and this will increase the area as a target. 4- the views of fields is going to be utterly ruined 5 - no plans were in place when we purchased our houses for this land (HG2-65) to be built upon and th surveys returned no results. 6- how will the housing area behind Carrick Drive be accessed?

Thanks
