I would like to oppose all of the sites due for planning. Most are greenfield sites and have too many houses on each site. What we need in horsforth are more schools and doctors and dentists to accommodate the people here already. Trying to park near a station or bus stops Is impossible

Traffic is terrible in horsforth too.

I may not have covered things in legal terms but surely my views and those of everyone I have spoken too will be taken into account.

Pleas stop the overdevelopment in this village.

HG41 to HG2 12

Thank you,

Mrs Lee.
