Date: 10 November 2015 08:36:26

Dear Sirs,

Further to build 155 houses on A65/Gill Lane greenbelt fields.

I am writing to let you know my objection to this plan. I have lived in Yeadon for 40 years and in that time I have watched field after field being built on. I purchased my property 25 years ago as it was in a safe cul-de-sac position surrounded by green fields. This was then destroyed and my cul-de-sac became a very busy road having new house built at the bottom of Greenlea Close.

The thought now of having more houses built at the back of my property makes me sick to the stomach.

I take my daughter to school every day and have to que in the traffic even when the lights are at Green. I witness ambulances struggling to get through to attend emergency, schools are full to the brim, doctors surgery's full, trying to even park up in Morrison's car park full, parking on the high street, full, people having to sit in traffic day in and day out.

I suggest they stop building and look at knocking down old buildings and build houses there.

There is not enough farmland for farmers and at this rate we will be relying on imports instead of our own English food.

The fields habitat wild life.

I strongly object and will continue to object.

Ornella Davies
