Dear Sirs,

I would like to object to the above planning it is all on green belt land , and there will be no green belt left in the area for people to use as recreational purposes

and for the wildlife to live in their own habitat

I also understood that to build on Green Belt land was against the law for other people so why not here.

The road A 65 and surrounding roads are at full capacity already ,

There are not enough Doctors , Dentists, District Nurses ect.,

Also there is a lack of school places in both primary and senior schools , nursery's ect.,

We like to live in this area because of all the greenbelt land in the area there will be no greenbelt left for future generations of the area

Yours Sincerely

Sandra Harper
