Dear Sir /Madam

We strongly object to any development at any of the following sites

HG2-12

HG2-41

HG2-42

HG2-43

Green belt spaces should be respected and any necessary building should be on brownfield sites . We have noticed a big increase in road traffic since moving to Horsforth 15 years ago , with some roads gridlocked morning & night with drivers taking short cuts through residential areas to try and avoid congestion ,making our roads very dangerous . The new development at Clariant is surely providing sufficient new housing for the Horsforth area without even considering building on surrounding green belt area (as listed above). We need to protect our green belt / green spaces for future generations & also the wildlife . We are keen ramblers & enjoy the open spaces that surround Horsforth . Once these sites are developed there is no going back !!

Yours faithfully

John & Janet Hargreaves
