I wish to register my objection to the proposal to build on Green Belt land in the Horsforth area. The particular sites in question are: HG2-41 , HG2-43 , HG2-12 , HG3-2,3 and 4.

The proposal to include these sites in the Local Plan is not consistent with the national policy and goes against the Leeds Core Strategy.

Building on these sites all along the A65 will mean that there will no separation between Horsforth and Rawdon ,apart from the impact on Horsforth roundabout and the A 65 traffic.

The houses that are likely to be built will not help to solve the housing crisis as they not be affordable housing.

Finally I am 77 years old and have lived in Horsforth from the age of 4. The area is now so congested that I have to choose my times to go anywhere and I feel that the older generation are going to be trapped in our homes if these proposals go ahead.

Yours sincerely
