I wish to object on the following grounds :

1 The proposed changes are unsound and inconsistent with the National Planning Policy. The site currently performs an important Green Belt function as an open space in the Weetwood area and a gap in the built up are of the wider Meanwood Valley. As such it enhances the character of the Weetwood Conservation Area.

2 The offer made by the owners of the site to make use of the proceeds from the development to make a contribution to the development of Headingley Stadium should have no bearing on the Council's decision as the two issues are not connected. This offer of an incentive should not encourage the Council to change a Green Belt designation.

3 There is no shortage of housing land supply in this part of the city and certainly no case for changing the designation.
