**Date:** 09 November 2015 09:35:11

---

I would like to object to the proposed applications for housing on the following sites in Bramhope:

HG2 - 16 (1002) Creskeld Lane and HG2 - 17 (1080) Breary Lane East.

There would be a significant loss of green belt with devastating effects on the local ecology and conservation.

There is not the infrastructure in the area to cope with the increase in schooling, and the strain on the health centre would be totally unacceptable.

The A660 would not be able to cope with the increase in the volume of traffic, it is struggling at peak times at the moment with the noise from the present traffic.

I would recommend that the above sites should not be considered for housing.

Peter & Patricia Sparkes, residents in Tredgold Avenue, Bramhope
