---

I would like to put my opposition to the further development of housing on Green Belt Land in Horsforth.

My concern is around areas:

HG2-41 Fields South of A65  
HG2-43 Fields at Horsforth College Campus  
HG2-12 Fields at Woodlands Drive, Rawdon  
HG2-3, HG3-3, HG3-4 fields off A65

The proposal to include these green belt sites in Local Plan is not consistent with the national policy.

The proposal to use greenfield before brownfield is not justified.

The proposal to use this strategic green infrastructure goes against the Leeds core strategy.

I have lived in the area for many years and these areas need to remain green belt. The traffic is already a major issue with roads unable to cope with the demand.

Alongside this is the issue of schools which already have a high demand we would like to keep Horsforth a wonderful place to live! This will not be the case if you build on this land!!!!!!
