My concern is about sites HG2-12 , HG3-2, HG3-3, HG3-4, HG2-41, HG2-41, HG2-43.
All the above sites are Green Belt and the local plan is inconsistent with national policy. It goes against the Leeds Core Strategy. Brownfield sites should be used before any thought is given to green belt.

If this goes ahead there will be no green space between Rawdon and Horsforth . I value the green space in my village ,always have done and losing it will grieve me. Once it is gone our children will not benefit from the pleasure and health benefits of walking in our green spaces
