Subject: PDE00663_LDF Publication Draft Consultation
Date: 06 November 2015 14:00:04

We are writing to lodge our objection to the proposed site allocations in the Rawdon area, in particular, Site HG2-41 "Strawberry Picking Field" and Site HG2-12 "Woodland Drive Rawdon". In both cases we feel that the proposal to build on this Green Belt land is inconsistent with the National Planning Policy Framework and the Leeds Core Strategy. In building 777 homes on Site HG2-41, this would effectively join together the two separate townships of Horsforth and Rawdon, creating yet another urban sprawl. The devastating impact this would also have on traffic using the already heavily-congested A65 and the nightmare Horsforth Roundabout and Ring Road does not bear contemplating. Please take our objections seriously and think again!

Respectfully

John and Patricia Webb
