Subject: PDE00664_Sturton Grange North site ref HG2-124
Date: 06 November 2015 13:57:11

Dear Sir/Madam

I wish to register my objection to the proposed development by Makin Enterprises of Sturton Grange North at Garforth West Yorkshire.

This proposed development can not be supported by the infrastructure at Garforth.

The roads already suffer from very high volumes of traffic.

Rail traffic into and out of Leeds at working times has over crowded trains failing to collect passengers and leaving many passengers having to stand.

Makins planning ability was sorely tested at the air show in October at Church Fenton, the traffic totally blocked the villages and all the local roads of the area for several hours, proving that the infrastructure is already inadequate, and the on site facilities for toilets and refreshments by Makins were vastly underestimated. No response was received from Makins when I complained.

Yours Sincerely
Mr D Blann
