---

Dear Sir/ madam,

I am objecting to the proposed development at HG2-41 as I think it is too close to the roundabout and would be dangerous. There would be too many developments too close to each other. The traffic would pile up and be horrendous and become gridlocked

HG2-43 This proposed development is too close to others you want to develop. If all the sites you propose to develop are approved then life in Horsforth would be unbearable.

Yours sincerely

(Mrs) Gwen M Pattison
