Dear Sirs,

**Proposed housing sites HG2-15(3400); HG2-16(1002); HG2-17(1080-3367A) -
Bramhope**

The infrastructure at Bramhope is not adequate to support the proposed 25% increase in population: the A660 (bordering the massive new proposed development) is dangerously busy; there is precious little green belt remaining between here and Leeds; and parking at the school, medical centre and retail outlets is already woefully inadequate.

Yours sincerely,

Dr A Hughes
