3 Snaith Wood Drive
Rawdon
LS19 6SZ

Dear Sirs,

I am writing to object to the proposed building of houses on our green belt land.

I am appalled at all proposed but mostly concerned about the development of our field HG2-12 at Woodlands Drive.

The proposal to include these green belt sites is not consistent with the national policy.

The proposal to use a Green Belt before brownfield is simply not justified.

In addition to this the proposal to use this Strategic Green infrastructure goes against Leeds Core Strategy,

We recently moved to this area and we were attracted to the open fields and rural setting. We regularly walk with our children and dogs along woodlands drive that at this moment is safe. With additional housing and traffic this will change the safety and complete country aspect of this setting. Wildlife is free to thrive in this beautiful setting we often spot deer in this area, it is vital that this remains intact for the future.

As a family that needs a rural aspect for our future health and wellbeing we would have no alternative but to sell our home and move elsewhere as the landscape would be so negatively affected. We urge you to take our objections into consideration?

Kind Regards

Gary
