Subject: PDE00766_Rawdon planning sites objection Stazicker
Date: 04 November 2015 11:10:14

Sir / Madam,

I wish to object to the planning site allocations in the Rawdon area notably the sites HG2-10 / HG2-12 / HG3-2 / HG3-3 / EG1-5 / HG2-41 and surrounding areas in Rawdon. The development sites should protect green belt land in line with National Planning Policy Framework (and the Leeds core strategy) and I believe these sites are inconsistent with this policy. I think the development of this land ignores several purposes that green belt land serves to protect for example unrestricted sprawl of built up areas and merging of towns & villages and should not be allowed.

Further the plans have not been properly prepared, nor are they justified or wanted by local people.

I ask you to reject these sites.

Kind Regards

D Stazicker
