Subject: PDE00770_Proposed housing on Gill Lane site HG2_10 (1221)
Date: 04 November 2015 09:06:07

I wish to object to the building of houses on this site for the following reasons

The land has always been greenbelt and local residents wish it to remain so. We need to protect some green areas otherwise we'll just end up all Leeds with no boundaries.

There are other local areas that could be developed such as the old mill on Green Lane Rawdon. What an eyesore that is. There is also loads of space near the airport and many other areas.

Around this area are many pubs and properties to let or for sale so it could be argued we are not providing needed housing but just moving people around. There are many new developments nearer Leeds or Bradford that are more appropriate in not increasing traffic flow problems to an already gridlocked A65 this area

One of the main attraction's for this area is open areas for people to walk there dogs , have a walk or a run without getting in the car to do so and we are not going to forego this lightly.

Yours Mrs E.S Wilkins
