Dear Sir/Madam

I am writing regarding the site HG2-17, Breary lane East, Bramhope LS16.

My details are: Ms Alison Cuddy, 8 Low Croft Court, Bramhope LS16 9AE.

I oppose this housing plan.

My objections to this plan to build houses on this site are:

1. Ecology/ landscape: trees and wildlife on the site will be affected.
2. Conservation/ Heritage: vert close to conservation area and listed buildings.
3. Loss of green belt: should exhaust brownfield sites before developing green fields.
4. Traffic congestion: the roads around this area including the a660 are already congested.

This is not a suitable site as the infrastructure is not in place and cannot be delivered. No space for primary or secondary schools, roads already congested, already stretched NHS services.

The site also does not meet the Exceptional or Special circumstances that need to be in place for developers to use green belt.

Kind Regards

Alison Cuddy
