Date: 16 November 2015 13:12:44

Hello,

I realise this is the last day but I've found the process of completing the online consultation extremely difficult. I went to the drop in and they made it sound really simple but I felt like I had to have a planning degree to fill it in.

I don't have time to comment on all the sites I'd like to. In case I can make general comments via email here they are:

Develop brownfield sites first

Headley Hall and Thorp Arch trading estate should be preferred for outer north east
East of Scholes should be protected and not developed. The recent press release says that the developers are now working with the council on a scheme. I was told by two officers at the drop in session that the council did not want to put this site forward for development. Was I lied to?

The impact of new sites on the A64, elor and barnbow on local roads and infrastructure should be assessed before approving and further sites in this area.

Thanks

Kate Sibson
32 Lyndhurst Road, Scholes, LS154BP
