---

I wish to register my concerns at the future planning for Adel, particularly the 58 houses planned for Church Lane and the 68 houses proposed for Dunstarn Lane.

Like others I am worried, amongst other issues, about the effects from the traffic. The number of roads that exit from Adel on to the main Otley Road have not changed since the 1950`s. It is already exceedingly difficult to turn on to the main road from Holt Lane and St Helen`s Lane junctions. People drive to the safer Farrar Lane traffic lights to turn which already has long queues at the morning and evening school and work rush hours. What provision will be made for the extra traffic that the houses, already built at Bodington Hall and the Government buildings brings?

I also wish to stand up for the children of Adel and enquire where and when a playground might be built?

Parents and grandparents in Adel have to drive or go on a bus, to take children living here to a park. Children in Otley, Poole in Wharfedale, Horsforth, Alwoodley, Meanwood, and Cookridge have a park. Why not Adel?

Mrs G Holloway
