Dear Sirs

I write to lodge my objection to the large green belt development plans outlined for Rawdon and Horsforth.

The sites I refer to are

HG2-12

HG3-2,HG3-3,HG3-4

HG2-41

HG2-43

These green belt sites being included in the Local Plan is not consistent with the national policy. Brownfield should be used before Green belt.

The proposal to use Strategic Green Infrastructure goes against Leeds Core Strategy.

I have lived in LS19 for 30 years. These areas provide me and my family with exercise and health and uplift the spirit.

They are special to me and my family and I do not want to see them go.
