Subject: PDE01067_Objection to allocation plan of 25 houses on Church Lane Paddock, Meanwood (Ref HG2-50)
Date: 15 November 2015 23:20:08

To whom it may concern,

I would like to comment on this site allocation plan and fervently believe that Church Lane Paddock be preserved and not allocated as land for housing. This land is green belt and there is no reason to change it's allocation as green belt. Meanwood is an area with plenty of housing and Church Lane Paddock is a vital part of the character of Meanwood village and part of a network of green space in the area. It has a completely different character to Meanwood Valley and contributes to a sense of open space and fields in the midst of a heavily built up area. Also there is no shortage of housing land supply in the area so it seems ridiculous to give this precious green space up.

Any housing which were to be built would create traffic congestion, pressure on local services and issues with drainage for the Beck.

Please do not go ahead with this plan.
