Subject: PDE01129_Bramhope planned development comments
Date: 15 November 2015 21:52:56

Dear Sir/ Madam

I live at 9Hall Rise, Bramhope. LS16 9JG.

I wish to comment on the following references.

HG2 - 15(3400)
HG2 - 16(1002)
HG2 - 17(1080_3367A)

I object to the plans to develop these sites as they will affect the area in the following ways

1. There is currently no capacity in the local school for further children to be accommodated. I would not appreciate my children being disadvantaged.
2. The local infrastructure is already congested. The A660 is struggling to deal with the current traffic. There is little scope to improve the route. The plans would significantly increase commute time traffic.
3. This is prime greenbelt land that has conservation areas close by. The effects of such a large scale development have not been assessed and presented. The need for housing is understandable but why not develop brown belt land that has scope for infrastructure development. Developers are keen to build in Bramhope but, have little regard to schooling and infrastructure.
4. The current GP services would not cope with such expansion.
5. The current village would not support the expansion in terms of amenities.

I do not support the proposals. I am keen that my opinion is voiced as a member of the local community.

Kind regards

Dr Robbie Gill
