I wish to register my objection to the plan to take large areas of north leeds out of greenbelt. In particular site HG2-41.

This site is key to character of the area and provides a buffer for the sprawl out from Leeds. Furthermore as non-intensive farmland it provides an invaluable habitat for wildlife, probably far richer than 'proper' countywide in fully rural locations as it is not intensively farmed.

To lose this asset would be a detriment to to local community, and the wider area too.

Regards

Dr Neal Crampton
