Subject: PDE01197_Objections to site HG2-10 (1221) Gill Lane
Date: 15 November 2015 20:16:10

Hello,

I am emailing to express my objections to site HG2-10 (1221) on Gill Lane.

My main concern is the effect this will have on the local community - traffic is already a major issue in the area and I'm unaware of any plans to improve the transport infrastructure. Traffic around the JCT roundabout is already very slow in the morning, this is only set to worsen when the new housing estate and train station open in Apperley Bridge.

As traffic is so gridlocked at peak times, I walk my children the mile to school each day past the proposed site. We all enjoy the greenbelt in a heavily built up area. It is really saddening to think we would lose that bit of green space.

I work at a local school that is oversubscribed, my child attends the local primary school that is oversubscribed my youngest is on a long waiting list for a pre-school place and attends a full nursery. What plans are in place to accommodate the children that would live in these new homes? As there are no plans to extend the school does that mean that local residents would be sent further afield?

We moved to the local area 2 years and were unable to get an NHS dentist place, we travel 30 minutes for appointments. We've on several occasions had to use the out of hours doctor services in Otley as we have been unable to get a doctors appointment. Again, what plans have been put in place to accommodate 155 new families using these services?

I have grave concerns that the proposed site has not been properly prepared for and that profit has been put ahead of the well being of the local community.
