HG2-41 - Fields South of A65 from Horsforth & Rawdon RA to crematorium

HG2-42 - Fields at Broadway and Calverley Lane, Horsforth

HG2-43 - Fields at Horsforth College Campus

I am writing to object to the proposals to develop the above sites. This is Green Belt Land that will be destroyed forever when other sites should be considered first. The habitat for the local wildlife will be gone and areas which I use to escape from the busy built areas will no longer be available for me to use. The boundary between the local areas will disappear and communities will become less distinct and merge.

The area is already overcrowded and the volume of traffic causes danger to young people, this will become worse. The proposed areas could not be worse, whilst I understand the need for development I think there are better sites available. The community I live in is important to me and this stands to be destroyed, local services for the local young people are already sought after and in demand, the area cannot cope with the proposals.
