Attached is a letter composed by my daughter, Elizabeth Buxton, of 38 Markham Crescent, Rawdon, Leeds, LS196NG. I have also copied and pasted his letter below:

Dear Sir/Madam

Please don't put houses on our greenbelt in Rawdon or Leeds. If you don't, it will make me happy.

I like the greenbelt because it's a good place to play tig and I like to blow dandelion clocks and run around but I can't if there are houses there, so please don't put houses on our greenbelt, I prefer it if you don't.

If animals can't get the grass to eat then they might not live and I like the animals they're very, very cute and also if there's houses around the river they might not be able to get the water to live.
