Subject: PDE01254_Comments on your Rawdon housing plans
Date: 15 November 2015 18:19:57

To whom it concerns,

I am writing to make comments on your planned housing on greenbelt in Rawdon.

Frankly your plans are shocking. Rawdon is a beautifully well preserved village, a quintessentially English village. Its destruction as proposed in your plans can never be reversed.

HG2-41 .. so many houses at an already congested road intersection is unbelievable. Where are the cars going to go ? where are the thousand or so children going to be educated ?

HG2-12 road links totally inadequate, or do you intend laying more black tarmac also ?

HG3-2,3 and 4 give rawdon its rural feel, its openness and true village feel

I hope you will reconsider your decisions. Their effects can never be reversed. Infrastructure cannot not cope.

Yours faithfully
Dr James Feather
