---

I object to the proposed plans to build houses on sites  
HG2-12  
HG3-2  
HG3-4  
HG2-41

There are several reasons why:

Pressure on local services including schools and GP surgeries and on road network, in particular the already congested A65.

The merging of 2 distinct villages of Rawdon and Horsforth.

Loss of the open spaces and unique landscape protected within the greenbelt. I thought the Greenbelt should only be used as a last resort, and that is not the case in Leeds!

Close proximity of HG2-12 to the important Crag Wood conservation area, which would have a negative impact on landscape views which should be protected.

Regards
