I live on Westfield Avenue LS197NT.

My journeys have become longer over the past few years as the A65 that I use to exit Westfield Estate to travel either towards Guiseley or Rawdon is generally gridlocked all the time now.

It takes me 15% longer to get to work by the airport than it did 2 years ago due to bad traffic right through Yeadon an 8 min journey is now at least 10 mins-sometimes longer. I have just driven from Yeadon down Whackhouse Lane on a Sunday eve and had to wait a good 2 mins to pull out onto A65.

As well as the roads struggling to cope I worry about public services in my area. I can no longer park outside Yeadon tarn medical practice when I need to see a doctor as the car park is always full, and the wait for an appointment keeps getting longer. I cannot access an NHS dentist and had to travel to Otley for my nearest one.

I particularly worry about more houses being built Gill Lane Yeadon, LS19 (plan ref. HG2-10, SHLLA ref. 1221) As this would make traffic on the A65 even worse.

I feel the Yeadon/Guiseley area is reaching saturation point for number of people for the infrastructure and public services and new houses should be greatly limited.
