Dear Sir,

I wish to formally object to the following planning applications:

HG2-41 (4240) - Fields South of A65 from Horsforth & Rawdon RA to crematorium

HG2-42 (1016) - Fields at Broadway and Calverley Lane, Horsforth

HG2-43 (5009) - Fields at Horsforth College Campus

I have lived in Horsforth all my life and it has been important for the identity of the village to have a boundary of green space around the village. This will be lost for ever if this development goes ahead.

Additionally We will also lose nature corridors vital to the Aire valley. Habitats will be lost and wildlife will be isolated.

Currently it already feels that as a resident of Horsforth I am a prisoner of the house at vital times of the day due to traffic congestion. This has not been eased by recent developments of the A65/A6120 roundabout. The area can not absorb more development and traffic and I'd now affecting quality of life.

On these and other issues please see sense and reject this planning proposal.

Kind regards,

Mark Burley.
